CENDOO has 4 unique features

- › can do multi-stage work flows
- › uses privacy and trust
- › finds answers which search engines cannot
- › is the intelligent master profile for all your social media networks

See us at our booth

About ai-one inc., based in San Diego and Zurich. With an **ai-one™ SDK**, developers create intelligent applications that deliver better sense-making capabilities for semantic discovery, knowledge collaboration, sentiment analysis, business intelligence, data mining and more, we call it:

bii: “biologically inspired intelligence”.

Thank you

ai-one[™]
biologically inspired intelligence
